ComfortGuard products are all made in the United States of America.

### DESIGN:

Heavy padded mattress and integrated overstuffed pillow for maximum comfort for "on the floor" sleeping.

Extra wide attached upper blanket for total body coverage and maximum warmth.

High bulk material eliminated ability to knot or noose.

### MATERIAL:

Patent-pending combination of industrial strength urethane backed high denier polyester exterior and heavy duty brushed cotton interior quilted together with industrial nylon thread in a cross stitch pattern for ultimate strength and durability.

### CONSTRUCTION:

All pieces separately overlock stitched for added durability and strength. Pillow area constructed to provide soft surface against the face. High density materials used in mattress for additional comfort. High strength nylon thread used throughout.

### SIZE:

Mattress: 80" x 35"  
Upper blanket: 65" x 55"
